Mailing Address:

P.O. Box 46000
Newark, NJ 07101
(973) 273-8000

NAME OF GAME: American Music the Game

MANUFACTURER: Robert Eilers, Jr.
560 Leawood Avenue
Toms River, NJ 08755
732-349-5029

APPLICANT: Robert Eilers, Jr.
560 Leawood Avenue
Toms River, NJ 08755
732-349-5029

The above mentioned game is approved for use in New Jersey as an amusement game, as defined in the Amusement Game Licensing Law, N.J.S.A. 5:8-100 et seq. ("Law"), and the regulations promulgated thereunder, N.J.A.C. 13:3-1.1 et seq. ("Regulations"). This approval is based upon information supplied by the applicant at the time of application for certification. The game must be operated in accordance with the specifications submitted and the terms of this certification. Any modification of the manufacturer's specifications or the specified method of play immediately voids this certification.

It is unlawful to operate any amusement game in the State of New Jersey without a valid certification.

This certification is conditioned upon the following:

DESCRIPTION:

American Music the Game is a double spinning wheel game. Players approach the game and place the entry fee on the laydown board. The laydown board is marked with segments bearing number and names in which the players place the entry fee indicating their choice of a winner. When all bets are made, any player can press an activate button to start the wheels to spin. After three seconds, any player can press the same button to deactivate the wheels. When the wheels stop spinning the center wheel determining the winning player, and the back wheel determines the prize the player wins. An attendant needs to press a rest button before another game can start.

DEFINITIONS:

“Game board” means the segmented board behind the rotating indicator.

“Laydown board” means a shelf area in front of and/or sides of the stand/structure containing the “Stop and Go” game that is divided into segments each of which bears a number, name or symbol corresponding with those on the game board.

“Obstruction” means any portion of the stand/structure, any light or other type fixture, any box, bag, prize or other material that obstructs the player’s view of the entire game board.

“Playfield” means an area containing the stop an go switches, the laydown board and the game board.

“Prize Category” means a prize, or group of prizes of comparable value, available to a player upon completion of the task necessary to win a prize in a particular category or available to a player by “trade up. ”

“Prize category designation” means the identifier of one of the six authorized prize categories prescribed by condition 10 of this Certification of Permissibility.

“Professional quality” means that the surface of the sign to be used must be smooth and rigid in nature and not made from paper or corrugated cardboard, unless laminated.

“Round of play” means the sale of a right to participate, the event which determines whether the player wins or loses and the award of the prize.

“Stand/structure” means any stand, structure, booth, tent, trailer or area in which the game is operated.

“Starting switch” means an electrical push-button switch or similar device approved by the Commission, which enables a player to activate or deactivate the games indicator

“Trade up” means trading multiple prizes of a lower prize category for a prize in a higher prize category.

CONDITIONS:

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.

- 2.) The playfield shall be clear of all obstructions.
- 3.) The playfield shall be contained within the stand/structure in which the game is located.
- 4.) No merchandise shall be allowed in or around the stand/structure for display purposes only.
- 5.) All prizes displayed must be available to be won either in a single round of play or by trading up through continued play.
- 6.) A sign explaining prize category trade up requirements shall be conspicuously posted at all times during the operation of the game.
- 7.) The minimum size of a sign containing the statement required by condition number 6 of this certification shall be 8.5 inches x 11 inches. The sign shall be of professional quality and shall consist of block letters of at least .50 inches. The background and the letters of the sign shall be electronically displayed or permanently printed of contrasting colors.
- 8.) All prizes available through the play of the game shall be conspicuously displayed above the front counter height of the stand/structure.
- 9.) No game shall be operated with less than six sets of stop and go switches. Six single switches that operate as both a stop and go switch may be utilized.
- 10.) If a stop and go switch is out of order, it shall be removed from the play field until it is repaired to proper working order.
- 11.) All stop and go switches shall be located along the laydown board in a location easily accessible to all players.
- 12.) The rotation of an indicator shall only be activated or deactivated by a player
- 13.) A master control switch may be installed to activate the go switches used by the player to activate the rotating indicator on the game board however, the master control switch shall not be capable of activating or deactivating the rotating indicator
- 14.) The mechanism utilized to rotate the indicator on the game board shall not incorporate any clutch, brake or timing device except a timing device which renders all of the stop switches inoperative for a minimum time period of three seconds after any go switch is activated.
- 15.) The game board shall contain an individual segment for each number, name or symbol, displayed on the laydown board. No laydown board shall bear a number, name or symbol not displayed on the game board. No game board shall bear a number, name or symbol not displayed on the laydown board.
- 16.) All laydown boards shall be securely attached to the horizontal surface of the counter of the stand/structure containing the stop and go game.

17.) If an indicator utilizes a flapper type tip, the winning number, name or symbol is the one identifying the segment of the game board in which the flapper tip of the indicator rests.

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
